## WHO WE ARE:

**Founded in 1994 by teachers and community members, the D9 Foundation is committed to providing resources to ensure our students can pursue their dreams.**

## WHAT WE DO:

- Provide a scholarship to every Eagle Point graduating senior or GED recipient who applies. Scholarships may be used for college, university, trade school, or any accredited educational institution
- We provide vital funding for student programs and services that extend beyond the scope of what public tax revenues can support. Grants may be requested by classroom teachers, counselors, or other district staff to assist students in need.

## OUR FINANCIAL HISTORY:

**100% of your financial support will go to students.** Our Board of Trustees is comprised of volunteers, and our minimal yearly operating costs are funded by interest from our investments.

In the past 10 years, the D9 Foundation has given \$888,272 in scholarships to District 9 graduates.
